****Flushing times will be between 10:00 a.m. and 2:00 p.m. and 10:00 p.m. and 2:00 a.m. ****

During this period, you may experience discoloration of your water. While the water is safe to drink, you may wish to run cold water from your faucet, for a few minutes, to clear up any cloudiness. In addition, you should refrain from doing any laundry until you have ascertained that your water is clear.

We apologize for any inconvenience that this may cause you and hope that you will be patient as we work to improve our District.

Sincerely,

Michael Levy
Superintendent
